

Resource B: **Jacob speaks to Scrooge.**

*(There is a Primary version below for younger groups.)*

1. **Scrooge! See how long these chains are, these number all the cruel things we did to others during our lifetime.**
2. **I was not a good person in life and now I am doomed to walk the earth and see the good things that I cannot do now but should have done.**
3. **I see you want to know more about this chain I wear... I wear the chain I forged in life. I made it link by link and yard by yard and every link is a bad deed I did when I took money from those that needed it more than me.**
4. **Scrooge, you have been working on your chain for seven more years than me, and it is much longer and greater than mine. I am here tonight to warn you. You still have a chance and hope.**
5. **You will be visited by three spirits who will show you the errors of your ways, so you might change the course of your life.**
6. **The first will show you your past, the second your present and the third the future you will have if you do not change your ways.**
