

Resource D: **HARI'S SPEECH, ACT 1 SCENE 2**

HARI

Absolutely freezing.

...

You'll need a thick coat because it rains a lot.

Whole place is covered in thick, thick fog

which leaves a nasty taste in your mouth.

The buildings are big and very grand, like the ones in Calcutta.

And the people are very snooty.

They like to look down at us from a great height.

Sometimes they can't even see us.
